Education

MSc in Applied Statistics & Data Science

January 2026 – April 2027

Jahangirnagar University, Savar, Dhaka, Bangladesh

- GPA: 4.00 / 4.00

BSc in Physics

January 2020 – June 2025

Hajee Mohammad Danesh Science and Technology University (HSTU), Dinajpur, Bangladesh

- GPA: 2.99 / 4.00

Experience

Research Assistant

September 2026 – Present

Elite Research Lab LLC, Dhaka, Bangladesh

- Conduct literature reviews and support ongoing research initiatives
- Assist in designing and executing data collection and analysis workflows
- Collaborate with senior researchers to draft findings and documentation

Freelance Data Analyst

June 2024 – Present

Upwork, Remote

- Provide healthcare revenue-cycle-management (RCM) data analysis services – a high-demand, low-competition Upwork niche
- Build Excel Power Query-based data-cleaning systems for recurring client datasets
- Submitted proposals across accommodation database research and automotive inventory scraping projects

Teaching Experience

Private Tutor

2020 – 2025

Remote

- **Programming:** Python, C, C++, JavaScript, ICT, and general programming fundamentals
- **Physics:** Newtonian Mechanics, Statics and Dynamics, Properties of Matter and Elasticity, SHM and Sound Waves, Current and Static Electricity, Modern Physics, Optics, Semiconductor Physics, and Nuclear Physics (Half-Life, Chain Reactions)
- **Mathematics:** Matrices and Determinants, Linear Equations, Combinatorics, Trigonometry and Inverse Trigonometry, Calculus (Differentiation and Integration), Complex and Real Numbers, Binomial Expansion, Quadratic Equations, and Conic Sections (Parabola, Ellipse, Hyperbola)

Projects

Healthcare RCM Data Analysis – Commure/Augmedix Case Study

March 2025

Independent Project

- Compared EHR (25,956 rows) and Normandy DB (6,482 rows) datasets; identified 282 missing encounters and 108 duplicate records
- Traced root causes to non-standard CPT codes rejected by the schema and a system sync failure that worsened in August 2024
- Delivered findings via a public Retool dashboard and built an accompanying 25-question SQL problem set

Bangladesh Job Market Research – BDJobs / Chakri Analysis

Ongoing

Independent Project

- Building a scraping pipeline across BDJobs.com and Chakri.com to collect labor-market data
- Analyzing job-posting trends using LLaMA, Retrieval-Augmented Generation (RAG), and transformer-based NLP

Technical Skills

Programming: Python (Pandas, NumPy, Playwright, BeautifulSoup4), SQL (PostgreSQL, MySQL, CTEs, window functions)

Tools: SPSS, R, Power BI, Excel

Currently Learning: Deep Learning, Machine Learning

Certifications & Awards

Advanced SQL – HackerRank (Feb 2026)

Python for Data Science, AI & Development – IBM (May 2024)

Database Design and Basic SQL in PostgreSQL – University of Michigan (Apr 2024)
